MENS PEER to PEER SUPPORT PROGRAM

A 10 WEEK PROGRAM OF
WORKSHOPS TO
DEVELOP SKILLS AND
STRATEGIES TO HELP
WITH DAILY LIVING AND
MAINTAINING GOOD
HEALTH

BY MEN

The program is run by men trained in facilitation. If anything is disclosed of a personal nature which is difficult or painful they will be happy to provide time afterwards to listen, support and get the right help in place to resolve the situation.

The group is closed after the first session so that the group members can be open with one another without worrying about the fear of new people coming in on discussions.

Research has shown that these kinds of groups are both valuable from a practical perspective as well as life affirming with the shared experiences giving meaning and importance to everyone present.

KEY CONCEPTS include:

- Hope
- Personal Responsibility
- Education
- Self-Advocacy
- Support
- Peer Support
- Peer Counselling
- Self-Esteem
- Changing Negative Thoughts To Positive Ones

WRAP

The course design is based on the Mary Ellen Copeland approach utilizing the WRAP which stands for **Wellness Action Recovery Planning**

It is an individualized toolkit which group members create for themselves to help get things back on track
